**THE FIRST SOUNDCHAIN INTERNATIONAL COMPOSITION
COMPETITION 2024**

The SoundChain International Composition Competition is organised in accordance with the statutes published on the competition's website. Composers of any nationality who are not older than 40 years on the application deadline are eligible to participate.

Conditions for submitting a composition:

The MSS SoundChain is announced as a one-round composition competition. The primary criterion for deciding the winners will be the submitted recordings of electronic compositions, accompanied by a concept describing the compositional process, innovative approach, or use of hardware and software technology. While multichannel compositions are particularly welcome, participation with stereo compositions is also possible.

Each composition must be between 7 and 20 minutes in length. The presentation to the jury is anonymous.

The jury consist of teachers from the HF JAMU Composition and Multimedia Creation Department, as well as of other notable international composers. In the first iteration of the competition, the international jury member will be Trevor Wishart (United Kingdom). The names of other jury members will be announced after the prize decision on the competition's website. The jury reserves the right to split or withhold the prize. The decision will be announced at the end of October 2024.

The first-place winner will receive a cash prize of CZK 20,000 and a partner's gift (Max software license). This monetary amount is gross, meaning tax and any other applicable fees as per the laws and regulations in the Czech Republic must be deducted.

The second place will be awarded a partner's gift (Max software license). Besides the winning composition, the jury will select up to five additional pieces to be performed during a concert in Brno at the Theatre on Orlí Street, which will take place as part of the awards ceremony on 24 November 2024.
