

Classeek Ambassador Programme

Enhance Your Career with Tailored Expert Guidance

Overview of the Classeek Ambassador Programme

The Ambassador Programme is a selective, one-year career enhancement experience for seven (7) promising young classical musicians, which offers them a new way to help them succeed on their path to a sustainable, top-level performing career.

The objectives are to find new audiences for the artists, grow their musical networks, and provide coaching on the different elements of a career in musical performance.

How the Programme Works

The season kicks off in November with the Accelerator Week, an intensive and inspiring start to the journey. During this week, the 7 selected artists have the opportunity to record a high-quality video, take part in a professional photoshoot, and work closely with the Classeek team to define their personal career goals.

Throughout the year, the Classeek Team tailors a bespoke programme to each artist, providing the tools, guidance, and opportunities needed to achieve these goals.

For many, the Accelerator Week marks the start of a long-term partnership that continues to support and celebrate their artistic journey for years to come.
